

## Smartwell® Beverage Dispensers

Featuring Touchless Operation

---

Give your business fresh, filtered water with natural enhancements and fruit flavors on demand.

# A Smarter Way to Hydrate

With Smartwell®, your clients and team members can experience a healthier and more exciting way to hydrate.

An alternative to sugary beverages, Smartwell lets you customize your filtered still or sparkling water by adding delicious and natural fruit flavors and enhancements. Plus, instead of storing bulky cases of bottled water or cans, Smartwell saves you space and the cost of purchasing single-serve beverages.

## A friend to the environment

Compact, multiuse pouches reduce waste from single-use plastic bottles and aluminum cans.

## Easy maintenance

Caring for Smartwell is a breeze. Simply clean your unit daily or weekly (based on activity) and replace pouches when needed – the Smartwell portal alerts you to reorder.

Service providers handle CO<sub>2</sub> tank replacement and can easily conduct preventative maintenance using the intuitive touch screen prompts.

# So Many Combinations

Customize beverages by mixing and matching mouth-watering flavors and healthy enhancements. With so many options, there's a combination to delight and satisfy everyone.

# Meet the Smartwell Collection

Enjoy crisp, cleaner water from our floor-standing or countertop dispenser – or both! Units are equipped with a chiller, filtration system, and an easy-to-use touch screen interface with optional touchless dispensing. And with the Green Ticker™ feature, users can see how much plastic bottle waste is saved by using Smartwell.

## Smartwell floor standing

Our original floor-standing unit is ideal for larger businesses with 100 to 200 employees. It's a great focal point for any space, reminding everyone to stay hydrated.

- **Offers 100+ combinations**  
Standing tall, this high-capacity unit delivers more than 100 beverage options
- **Holds up to eight pouches**  
Four different flavors, two enhancements, sweetener and citric acid
- **Stands on its own**  
An impressive hydrating station

**Space requirements:** 33-1/2"L x 32-3/10"W x 92"H

## Smartwell countertop

Save floor space with our convenient countertop unit that serves up to 100 employees depending on usage. This is a great option for smaller businesses or as a secondary beverage dispenser for larger businesses.

- **Offers 70+ combinations**

Small in stature, big on performance with more than 70 beverage options

- **Holds up to six pouches**

Three different flavors, one enhancement, sweetener and citric acid

- **True countertop solution**

Fits under standard kitchenette cabinets

**Space requirements:** 32"L x 23-4/5"W x 18"H

## Optional cabinet for Smartwell countertop unit

If you have limited counter space or not enough clearance, opt for the cabinet that holds your Smartwell countertop unit, and then some. Store accessories and more inside to maximize space and keep the area tidy.

- Conveniently increases storage space, frees up the counter
- Includes space to install filter and stores up to a 20-lb. CO<sub>2</sub> tank and unused pouches and filters
- Perfectly coordinates with countertop dispenser

# Smart, Touchless Dispensing

With the touchless dispensing capability, create custom beverages and view nutritional information right from your mobile device, without having to touch the unit itself.

## Follow these easy steps:

1. Download the free **Elkay Smartwell** app to your mobile device.
2. Open app on your mobile device and scan the QR code on Smartwell unit's screen.
3. Make your selections, dispense and enjoy!

Or use the touch screen on the unit to make your selections. **See how it works at [elkaysmartwell.com](https://elkaysmartwell.com).**
