# LUSTERTONE®

Our signature Lustertone finish features a rich, uniform grain. A Lustertone sink looks as great on day 3,000 as it does on day one, because light scratches, which occur with everyday use, naturally blend into the finish with time.

Select models are available with a brightly polished rim around the top of the bowl, giving the sink a striking crowning touch. Lustertone sinks are easy to maintain. Simply clean using ordinary, mild dish detergent and a soft cloth, then rinse and towel dry.

## ANTIQUÉ HAMMERED COPPER

An Elkay copper sink brings character to a room with its rich color and old-world charm. Copper develops a natural patina with time, giving the sink a worn, aged look that adds to its beauty. The hammered finish is applied by hand, making each sink unique.
