KOHLER®

KITCHEN FAUCET COLLECTIONS

Kohler designs and manufactures faucet collections in a wide range of styles to suit any decor. Every collection offers task sprays to make light work of heavy kitchen tasks, and certain collections provide touchless technology and unique product options, such as pull-down spouts, bar faucets and pot fillers, to perfectly complement your needs and space.

Graze® KITCHEN FAUCET COLLECTION

Rooted in classic Americana design, the Graze collection is a statement piece that doesn't follow the mold of the simple faucet. Its square base and rotating sprayhead set it apart from other collections.

KITCHEN FAUCET COLLECTION

Bellera faucets brings professional-level style and performance into the kitchen.

For complete information on the full line, including accessories, visit [KOHLER.com](https://www.kohler.com).

LOVE HOW YOU KITCHEN

KOHLER® kitchen faucets are thoughtfully designed to add beauty and efficiency to the kitchen. As a leader in design and technology, every KOHLER faucet seamlessly blends form and function into a work of art. Kohler designers continually develop more styles and finishes to give customers exactly the look they want, while Kohler engineers push technology for smarter innovations that make everyday kitchen tasks a little easier.

KOHLER

Faucet Functions

Helping you work faster and easier in the kitchen, our faucets include innovative features. Choose the functions that complement how you prep, cook and clean in the kitchen.

The KOHLER® Advantage

Innovative designs and technologies, that's the KOHLER advantage. Magnetic docking, sprayfaces that withstand mineral buildup and effortless hose control provide functional versatility.

DockNetik®

DockNetik is a magnetic docking system located within the spout that securely locks the pull-down sprayhead into place.

ProMotion®

ProMotion technology combines a braided hose with a swiveling ball joint that won't kink or tangle for effortless sprayhead control.

MasterClean™

The MasterClean sprayface withstands mineral buildup and wipes clean with a wet cloth.

SwitchGrip™

The sprayhead on the Graze® semi-professional faucet rotates in 90-degree increments, which allows you to set the spray button exactly where you prefer it—to the left, right, front or back.

Sprays

Kohler offers one of the largest selections of faucet sprays, each designed with thoughtful technology to stay on task for years. Sprays help streamline kitchen tasks, quickly fill large pots with water, gently clean delicate fruits and sweep dirty dishes clean.

BerrySoft®

Delicate fruits deserve a gentle touch. BerrySoft spray is light enough to gently rinse produce.

Sweep®

Sweep your sink and dishes clean with Sweep spray's wide, powerful blade of water.

Boost

With the touch of a button, Boost technology will increase your faucet's water flow by 30 percent.

Ring

Great for everyday cleaning tasks, ring spray offers a precise and powerful flow of water.

Stream

This option provides a full, aerated stream of water that's great for quickly filling large pots.

Response® Touchless Technology

Response touchless technology responds to your every move to ensure that prepping, cleaning and cooking all go more smoothly. No false activations, no interruptions from your daily routine. Simply wave a hand, utensil or dish through the sensor window for reliable on and off operation, so you don't have to worry about germs spreading to the rest of the kitchen.

- LED indicator light lets you know it's operational and ready to go
- The sensor window at the underside of the spout responds within milliseconds
- Automatically shuts off after four minutes of inactivity
- AC-powered; no need to replace batteries
- Temperature may be adjusted simply by moving the handle—no need to adjust anything beneath the counter

Water Filtration

KOHLER® water filtration products effectively reduce harmful chemicals and contaminants including lead, chlorine, PFOA/PFOS and pharmaceuticals to ensure your water is clean down to the last drop.

Aquifer® Water Filtration Systems

Aquifer systems work with kitchen, beverage or bathroom faucets. They rest discreetly under your sink and deliver clean drinking water.

- Aquifer carbon-block filter medium is made out of ground coconut shells, making it more sustainable
- Choose between one filter cartridge with a 0.85 gallons per minute (gpm) flow rate or two cartridges with a 1.7 gpm flow rate
- Aquifer+ is ideally suited for beverage faucets like the KOHLER Wellspring® faucet

We make it easy to recycle your used cartridges. Simply remove the old cartridge and let it dry, place it in a plastic bag and return for free via FedEx. (Available only in the continental United States.) Shipping labels are available on [KOHLER.com/Filtration](https://www.kohler.com/Filtration).
