

Bidet Toilet Seats

THE BOLD LOOK  
OF **KOHLER**®

## All Clean™

Feeling clean is a fundamental need of modern life. When we're clean, we feel more confident and better able to face the day. The fact is, toilet tissue alone doesn't get you as clean as you can be. With adjustable, dual-mode sprays and a complete range of additional options to select from, KOHLER® bidet toilet seats simply offer a cleaner, more refreshing experience.

Discover the refreshing  
comfort and cleanliness of a  
KOHLER® Bidet Toilet Seat

## Don't sacrifice style for cleanliness

With slim, low-profile designs, KOHLER® bidet toilet seats create a streamlined style that adds sleek form to a delightful clean. These seats are designed to fit most toilets with a profile that blends into any bathroom aesthetic. Throughout the entire product lineup, KOHLER bidet seats let you enjoy the cleanliness without giving up your sense of style.

Round-front

Elongated

## Give your toilet an upgrade

KOHLER bidet seats are available in models that fit both elongated and round-front toilets, providing an easy way to transform your existing toilet without having to redesign your bathroom. Our manual bidet seats install quickly with tools you probably already have in the house, and if you have an electrical outlet near the toilet, our full-featured electric models are nearly as simple to install.

## Sleek and simple

With simple operation, value pricing, and easy DIY installation, manual bidet toilet seats offer the perfect way to discover the bidet difference. Manual bidet seats don't require an electrical outlet or batteries, connecting directly to the toilet water supply line to provide a customizable and refreshing clean. The water pressure and wand position are adjustable for a more personalized and comfortable cleansing experience, and the wand automatically rinses itself before and after each use for confidence-inspiring hygiene. Plus, with a slim, low-profile design, KOHLER® manual bidet seats are nearly indistinguishable from a standard toilet seat.

Easy to install

Perfect for a quick DIY project, KOHLER manual bidet seats connect to your existing water line for a simple upgrade that makes a big difference in your daily routine.

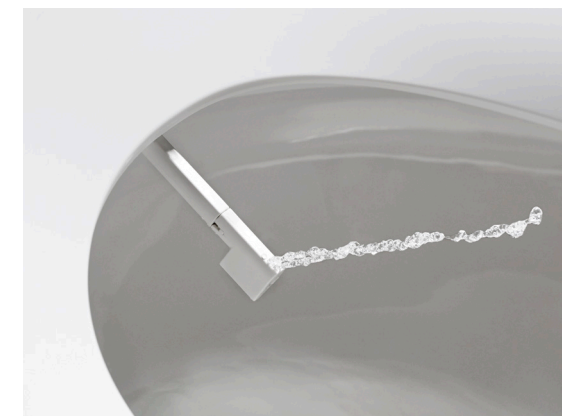

Self-rinsing wand

KOHLER manual bidet toilet seats feature self-rinsing wands for a cleaner experience.

Adjustable water pressure

Fine-tune the cleansing spray pressure to create a more complete and comfortable clean.

Ambient water temperature

KOHLER manual bidet seats use ambient-temperature water for a refreshing experience.

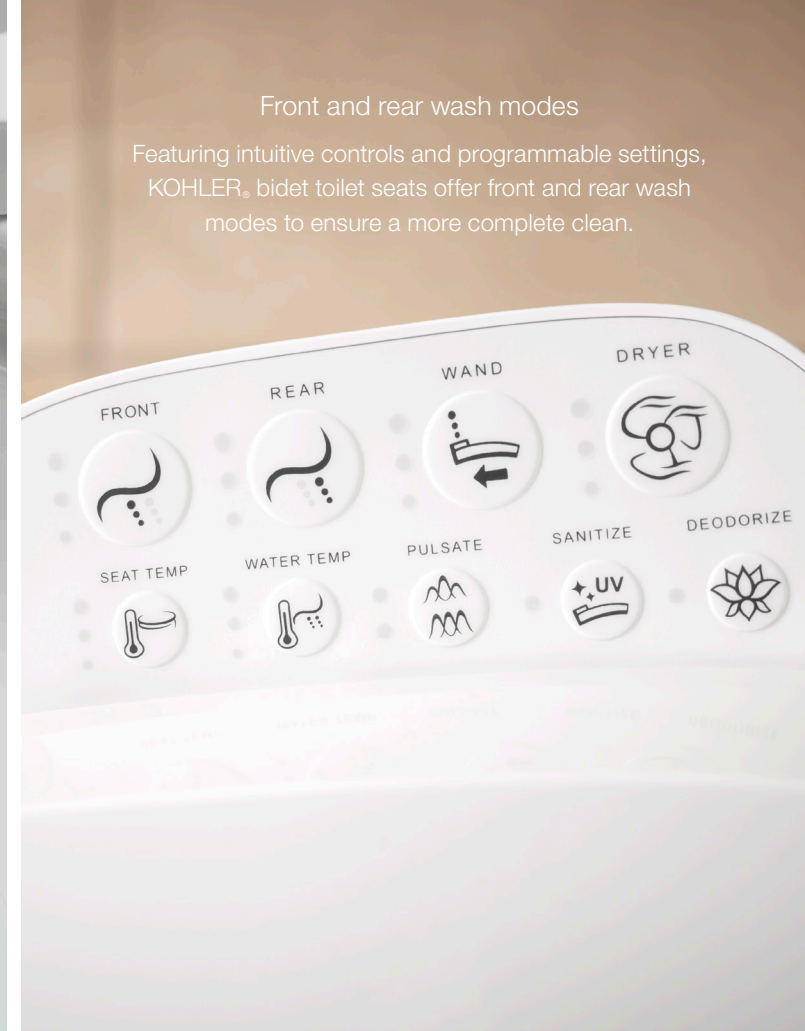

Personalized comfort

With adjustable water pressure and temperature, you can easily fine-tune your experience to your exact preferences for a more comfortable clean.

Front and rear wash modes

Featuring intuitive controls and programmable settings, KOHLER® bidet toilet seats offer front and rear wash modes to ensure a more complete clean.

Personalized comfort and cleanliness

With amenities like remote control operation, heated seats, warm water cleansing, and warm-air drying, KOHLER® electric bidets seats put a customized and comfortable cleansing experience at your fingertips. Our wide range of electric bidet toilet seats lets you select the features that most appeal to you. Discover a new level of cleanliness and comfort with a KOHLER electric bidet toilet seat.

Warm-air dryer

Select KOHLER bidet seats offer warm-air drying for a more comfortable experience and reduced toilet paper usage.

Heated seat

With adjustable heat settings, KOHLER bidet toilet seats ensure you are always warm and comfortable.

Remote control

Intuitive remote controls allow you to quickly and easily dial in your preferred settings for seat temperature, spray temperature, pressure, and more.

## We thought of everything

Cleanliness and comfort aren't the only benefits of owning a KOHLER® bidet toilet seat. We also design our bidet seats to have neat and clutter-free power cords, Quiet-Close™ seats, and Quick-Release™ hinges for easy and thorough cleaning.

Hidden cord capabilities

The C<sup>3</sup>® 430 and C<sup>3</sup> 420 models are compatible with hidden cord toilets, which feature an integrated port hole that lets you run the power cable through and behind the toilet for a tidier appearance.

Quiet-close technology

Our innovative Quiet-Close hinges bring the seat and lid to a soft, slow close every time, completely eliminating loud slamming noises and pinched fingers.

Easy removal for cleaning

Quick-Release hinges let you remove the bidet seats easily and without having to reach under the toilet, making cleaning more convenient and thorough.

A bidet seat is an upgrade to any toilet, and with our full range of models and features, you can select the model that most appeals to your style and needs. The amenities may vary, but all of our bidet seats share an unwavering commitment to quality construction, easy installation, and reliable performance. Discover the “All Clean” feeling today.
