

KOHLER®

**Everyday
Comfort**

Make your bathroom more accessible, comfortable, and clean

See how KOHLER® Comfort Height® toilets, bidet seats, and self-cleaning toilets can help.

Greater Comfort

Highline® Tall Toilet

With Kohler's tallest toilet bowl, the Highline Tall toilet provides seating 2" higher than Comfort Height® toilets, providing a new level of accessibility and comfort. Like Comfort Height toilets, Highline Tall makes it easier to sit and stand. It's ideal if you're looking for enhanced mobility without sacrificing design.

Hyten™ Elevated Toilet Seat

With a sleek yet functional design, the Hyten Elevated toilet seat adds 3" to your toilet bowl's height for increased comfort while sitting without having to replace your toilet. Installing the Hyten Elevated toilet seat is easy and requires no special tools. The Quiet-Close™ design means the seat and lid won't slam, and with Quick-Release™ technology, you can remove the seat in just seconds for fast, convenient cleaning.

KOHLER®

Greater Clean

Bidet Toilet Seats

Feel your cleanest with a KOHLER® bidet seat, an easy-to-install upgrade for any toilet. Bidet seats offer enhanced personal hygiene, and they also reduce toilet paper usage. Choose from a manual seat that connects easily to your existing water line or an electric option, which uses AC power and offers a heated seat, warm water cleansing, and warm-air drying. Many electric KOHLER bidet seats feature a remote control that lets you easily and quickly set your favorite settings. And for increased hygiene and reassurance, the cleansing wands automatically rinse themselves before and after each use to ensure complete cleanliness.

ContinuousClean Toilets

ContinuousClean technology automatically fights germs, grime, and stains with every flush to keep your bowl clean longer. Simply drop any brand of white cleaning tablet in the reservoir and this self-cleaning technology will deliver cleaning solution with every flush. ContinuousClean allows the cleaning solution to bypass the tank components, protecting your warranty. When combined with Revolution360® swirl flushing technology and CleanCoat™ surface treatment, ContinuousClean keeps the bowl clean five times longer than a conventional flush.* Together these features mean you can clean your toilet less—and relax more.

*KOHLER toilet with ContinuousClean compared to KOHLER toilet without ContinuousClean. Based on consumer perception study and bacterial counts.
