Digital Showering System

Be Smart. Be Prompt.

DTV Prompt™ is a digital thermostatic valve designed to enhance your showering or bathing experience with greater control, convenience and functionality.

Warm Up Your Shower Without Wasting Water

Once the selected temperature is reached, the water pauses until you're ready to step into it.

Set the Timer to Count Your Shower Down

DTV Prompt is perfect for setting shower limits in busy households or for water conservation concerns.

Pause Your Shower

Wash your hair or shave without the water running.

Safe Temperature Control

Limit the maximum temperature your water can ever reach—perfect for families with small children.

Run Multiple Configurations

Handshowers, body sprays, bath fillers, Rainheads and more can be run separately or at the same time.

Easy to Install

The valve's main supply cable is prewired and the valve can be installed up to 20 feet* from the interface-giving you complete installation flexibility.

Complements Your Décor

The sleek, modern design fits many design tastes.

*DTV Prompt comes with a 20-foot cable. For longer distances, simply replace/extend with a standard RJ-11 phone extension cord.
