

Corbelle Comfort Height Skirted Toilet with  
Revolution 360 Swirl Flush Technology  
K-3814-0

# Corbelle® Comfort Height® Toilet

With Revolution 360® Swirl Flush Technology

THE BOLD LOOK  
OF **KOHLER**®

# Corbelle® Comfort Height® Toilet

The Corbelle two-piece toilet features a skirted trapway, Revolution 360® swirl flush technology and optional ContinuousClean technology designed to keep the bowl cleaner longer. At Kohler, we think about toilets so you don't have to.

**Revolution 360 swirl flush technology**  
This innovative flushing technology sends 360-degrees of water through the bowl for complete coverage that leaves nothing behind.

**ContinuousClean Self-Cleaning Technology**  
ContinuousClean technology with CleanCoat™ surface treatment keeps the bowl clean 5x longer,\* and with the ContinuousClean XT two-tablet system, tablets last for up to a year with standard use.

**AquaPiston® flush engine**  
The driving force behind Revolution 360 with ContinuousClean is the AquaPiston canister flush engine. AquaPiston packs a powerful punch to eliminate clogs.

**CleanCoat surface treatment**  
CleanCoat prevents bacteria, mildew and mineral deposits from sticking to the bowl, so your toilet stays cleaner longer.

**Easy-to-clean skirted trapway**  
The base of the toilet can be the hardest area to clean. We eliminated the nooks and crannies of a traditional toilet and replaced them with smooth sides, making them easier to clean.

**ReadyLock® installation system**  
The patented ReadyLock system doesn't require any holes to be drilled into the floor on most installations. It makes installation fast and easy.

SKU	Description	Tank SKU	Bowl SKU	Rough-In†	Water Usage	Bowl Shape
