

Affordable, Lightweight, Portable

LC-2A

Designed with interchangeable battery plates, the LC-2A can simultaneously charge a range of popular 7.2V/7.4V Canon, Panasonic, and Sony Li-ion batteries. The charger includes 10 labeled plates, 2 for each type. Users can mix the plates and simultaneously charge two types of batteries. A built-in LED indicator notifies users when their batteries are charging, fully charged, and if a battery or charger fault has occurred.

Product Features

- Charges Li-ion Canon, Panasonic, & Sony Batteries
- 10 Interchangeable Plates (2 for each type)
- Simultaneous Quick Charge
- Charger Status LED Indicators
- Lightweight and Portable
