SOUND SYSTEMS

MODEL: S602MBT

Detachable handheld microphone with 3' cord

Rechargeable battery pack

Ergonomic pistol grip

3.5 mm aux jack, USB and SD card readers for seamless playback

Amplify your voice, music, or any other audio with maximum ease, versatility and portability!

The S602MBT Mity-Meg Bluetooth Rechargeable Megaphone strikes the perfect balance between sturdiness and lightweight design, offering 50 watts of power to provide clear communication for indoor and outdoor use.

The S602MBT features built-in Bluetooth technology, allowing wireless connectivity for streaming audio from your smartphone, tablet, or any Bluetooth compatible device. It comes equipped with built-in USB and SD Card readers for MP3 digital playback, and the 3.5mm aux-in jack allows you to connect and play from external devices.

The portable megaphone with siren features an ergonomic pistol grip and a separate handheld detachable microphone with shoulder strap.

Never lose power, with the included rechargeable battery pack for up to 8 hours of continuous sound projection, or battery cartridge which holds 8 C-cell batteries (not included) and lasts up to 40 hours continuously. Weighs only 2.5 lbs (without batteries).
