

Four Channel V-Mount Charger

VL-4X

The VL-4X is a compact, lightweight, four channel (2+2) simultaneous v-mount charger. The VL-4X will charge a total of four batteries with any two simultaneously. The included AC adapter can also be used as a 90W DC power supply. The VL-4X has many standard safety features, including a recovery charge mode that allows low voltage battery cells to be charged safely.

Specifications

- **Charge Current:** 1.9A (2.7A Max)
- **Input Voltage:** AC 100-240V, 50/60Hz
- **Operating Temperature:** 0~40° C / 32~104 F
- **Charging Method:** Constant current & voltage
- **Dimensions:** 3.56(W) x 6.97(H) x 9.84(D) inches
- **Weight:** 2.42 lbs

Product Highlights

- Charges a total of 4 batteries with any 2 simultaneously
- 2.7A Max Charge Current
- AC adapter can serve as 90W DC power supply
- Recovery charge mode for low voltage batteries
- Lightweight & travel friendly
