Auctioneer Sound Systems - Loud and clear is key to a successful auction

From hushed art galleries to large, elegant charity dinners to dusty cattleyards, auctioneers orchestrate the sale of goods for the highest possible price through their power to generate interest and enthusiasm amongst potential bidders, and it is important for auctioneers to make sure that they can be heard clearly and effortlessly. A PA system facilitates an auctioneer to announce the items up for bid, describe the items being sold, take and increment bids all while managing the auction and communicating with the crowd.

Our selection of portable sound systems allow auctions to host various crowd sizes in different environments, indoors or outdoors. All PA systems are battery powered and portable for easy mobility.

WE HAVE SOLUTIONS FOR:
 Antique auctions • Auto auctions
 Benefit auctions • Collectibles auctions
 Fundraising auctions • Government auctions
 Liquidation auctions • Livestock auctions
 Real Estate auctions • Storage auctions

"I am an auctioneer in NC and I have used the Portable Buddy for 14 years with great success thru wind, snow and rain! My colleagues swear by the old stand by the half mile hailer, but I love my Buddy."

Linda Hoke - Auctioneer
