

506A MAESTRO ADJUSTABLE PRESENTATION CENTER

- The Maestro's thoughtful multi-media ready design includes cable pass through grommets from the reading table to inside the cabinet's lower storage compartment, as well as to the bottom of the lectern to facilitate connection to external equipment and outlets for multi-media system integration
- Optional flush-mounted multi-media AV signal, room system control and electrical power jack panels may be added to accommodate external devices
- The 31" extra-wide reading table is designed to accommodate your system integration connections, as well as presentation tools and materials, such as a laptop, tablet and notes
- The unit's base has been expanded to provide additional stability and design balance
- Adjustable height from 38" - 44" with easy one-handed adjustable pneumatic dial
- Scratch resistant melamine finish, skirted base, and radiused corners for beautiful styling and durability that will stand the test of time
- This lectern moves effortlessly, with the help of 4 industrial hidden casters (2 lock)
- Proudly designed and built in the USA
