

PRODUCT LINE OVERVIEW

ALL-IN-ONE PA SYSTEMS: BIGFOOT & BEACON

- A self-contained portable system where everything except the microphone(s) is in one unit
- Provides a variety of sound projection possibilities with minimal setup process
- Easy setup and break-down; system rolls away on wheels when done
- Available in wireless versions that can transmit to multiple speakers around a venue
- Available as battery-powered models that can play for hours without plugging in

Bigfoot is our most powerful portable PA system, with volume, coverage and clarity that will thrill crowds of 5,000 and more. The 133dB 300-watt RMS, battery-operable Bigfoot rolls in and sets up in moments, with broad, line-array sound dispersion and enough juice to last your entire event without plugging in. Connect up to 4 wireless microphones, or enjoy best-in-class Bluetooth performance from your own devices. Bigfoot can even wirelessly link to other Anchor AIR speakers, for everywhere sound even in the most challenging settings. When you're done, Bigfoot breaks down quickly and easily rolls away. Charge the battery and power down before storage; Bigfoot will automatically keep its full charge, ready for the next event whenever you are. When you need big sound for big venues, Bigfoot is your answer!

TECH SPECS

- 130 dB of clear sound
- 300W AC/DC RMS
- 1.9 GHz wireless microphone frequency
- 300'+ wireless microphone range
- Two universal mic inputs
- 1/4" & 3.5 mm AUX line input
