New Canycom S100A Rubber Track Compact Carrier with 180° Pivoting Dump Box

The Canycom S100A Rubber Track Compact Carrier with 180° Pivoting Dump Box is powered with a 15 HP Kubota Diesel engine and hauls up to 2,400 lbs. A hydraulically operated pivoting dump box and Rubber Track undercarriage reduces ground impact and increases maneuverability in tight spaces.

- ◆ CMX1402
- ◆ CMX2402

▪

A hydraulically operated 180° swivel dump simplifies the loading and unloading of material on narrow terrain, while the 90° dumping angle ensures an efficient unloading process. The 180° pivoting dump box reduces ground impact and increases

maneuverability in tight spaces, saving the operator time and money.

▪

A heavy duty Rubber Track undercarriage and chassis reduce impact on the ground with balanced weight distribution. Four sea-saw type rollers maintain a comfortable, even ride even in difficult terrain as well as help absorb shock to the undercarriage and keep maintenance costs down.
