Now Available! Propane Powered Concrete Buggy with 180° Pivoting Deck

- 

An automatically leveling control deck and operator platform reduces fatigue and improves operator safety on slopes.
- 

A side shifting cutter head slides up to 20 inches to get to hard to reach brush. Reversible cutting direction for increased productivity.
- 

Floating cutting head automatically adjusts to uneven terrain to maintain consistent cutting depth while reducing wear and tear on the machine.
- 

Durable flails separate on shackles to reduce impact damage on blades and resist brush tangling.
- 

Exhaust fan periodically changes direction to expel accumulated debris, keeping the engine cool.
- 

Operator platform can be folded up and locked in place for transport or storage.
- 

Fully opening Engine cover for ease of maintenance.
