Other information	<p>The S35EM represents the next generation of compact, profitable and rental-ready Bronto Skylift aerial platforms. It brings the same tested and trusted way of working to lower-level access that Bronto Skylift has provided in the class of higher access platforms for decades.The S35EM is known for its ease of use and the increased effortlessness it brings to worksites. It has all the elements of a true work machine, yet it's light and compact enough to be easy to manoeuvre and operate.</p> <p>Available on short notice from stock.</p>
