The large hopper capacity equals more lane miles swept between dump cycles and the **18.5-foot turning radius** makes the **Global M4** highly efficient and comfortable.

That is one ton of sand every 20 seconds! Standard leaf gate system assists in picking up large debris, bottles, large branches and leaves.

DUST SUPPRESSION SYSTEM • **Global M4** includes **250-Gallon Water Tank Capacity** combined with Two(2) Diaphragm Water pumps and Two(2) Modes (LOW/HIGH) provide versatility and superb dust control.

Global M4 includes a **5.6 cu/yd hopper capacity** compared to 4.5 cu/yd for competitive machines resulting in more curb miles swept between dump cycles. With near Full Useable Capacity, 12,000 Lift Capacity, and the Optional Elevator and Hopper Wash Out System, **Global M4** is **Affordable, Reliable and Innovative**.

THREE POWERFUL BROOMS Optional Front Articulating brush allows for extra reach to shoulders and center islands. Via In-cab joystick, the articulating front brush can be positioned on left or right side allowing for sweeping on right or left without changing seating positions.
