onditioner / Heat Pump

Product Description

Looking for an air conditioning and heating solution that provides efficient performance, reliable cooling, and heating all year round? Look no further than Kanion Co's SEER 16.5 3D DC Inverter Wall Split Air Conditioner/Heat Pump. With advanced technology and innovative features, our units are designed to deliver optimal comfort in residential and commercial spaces.

Model Number			KWSM-09IR410AHS16MVL		KWSM-12IR410AHS16MVL		KWSM-09IR410AHS16MV		KWSM-12IR410AHS16MV		KWSM-18IR410AHS16MV		KWSM-24IR410AHS16MV	
Power supply		Voltage type	115V, 1Ph				208 ~ 230V, 1Ph				208 ~ 230V, 1Ph			
		Supply frequency					60Hz							
Heat Exchangers		Fin type		Golden Fin / Best efficiency option										
Cooling	Capacity	Btu / hr	9000		12000		9000		12000		17000		24000	
	SEER US		16.5				16.8				16.5			
Heating	Capacity	Btu / hr	9800		12000		12000				18000		24000	
	Input	W	1025				1212				1700		2475	
	Current	A	8.9		10.54		5.27				7.5		11.3	
Control type		Remote Controller (standard) & Smart App Controller compatible with all major A.I. voice assistants (optional)												
Refrigerant type		R410a environmentally friendly refrigerant												
Compressor	Type	ROTARY											Twin-ROTARY	
	Brand	GMCC												
	Frequency	3D DC Inverter technology												
Operation temperature	Indoor (Cooling)	℃					17 ~ 32							
	Outdoor (Cooling)						-15 ~ 50							
	Indoor (Heating)						0 ~ 30							
	Outdoor (Heating)		-20 ~ 30								-15 ~ 30			
Applicable area	Applicable area Min	m2	12				16				24		32	
		sq.ft	129.17				172.22				258.33		344.44	
	Applicable area Max	m2	18				23				35		47	
		sq.ft	193.75				247.57				376.74		505.90	
Loading quantity	Loading quantity 20' GP	set	138				132				90		66	
	Loading quantity 40' GP		284				274				190		137	
	Loading quantity 40' HQ		312				305				222		156
